

**WHO'S THAT?** About 50 youngsters now have a complete set of emergency identification, courtesy of the Masonic Lodge's child ID program. A crew of volunteers took photos, fingerprints and much more, put them all on CDs for parents. (All the data collected was turned over to parents/guardians; no info was kept by the program.) We caught Dani Burbeck (with more than a little help from mom, Tiffany), going through the process with MasoniChIP volunteers Doug and Carol Sampson.
